SENATORS ADVISE:

FAA Allocates $13,400 More

Telegrams from both United States senators from Texas over the weekend acknowledged Federal Aviation Agency's allocation of an additional $13,400 for Cameron Municipal Airport.

Original 1965 budget allocation of $25,000 has been increased by the $13,400 allocation for revised estimates on land and construction items.

Telegrams from Senator Ralph W. Yarbrough (D-Texas) April 4 and Senator John G. Tower (R-Texas) April 1 both acknowledged FAA notification on the additional federal funds.

The State of Texas also has allocated $10,000 of state funds for the projected enlargement and modernization of Cameron Municipal Airport, begun two years ago by Mayor Bassel Wilson and the City Council.

Additional funds will be provided through the City of Cameron, both in work contributed by the City equipment and personnel and budgeted City funds.

TEXT OF WIRES

Here are complete texts of the telegrams

Editor, Cameron Herald
Cameron, Texas

"Am notified that Federal Aviation Agency has approved an increase in federal-aid airport program funds for improving the Cameron Municipal Airpark. Allocation of $25,000 approved under fiscal year 1965 federal-aid airport program is being increased by $13,400 for a new total of $38,400. Increase in funds is to meet revised estimates on land and construction items for performing the following development: land -- airport development and clear zones: construct and light NW-SE runway (50' x 3200') taxiway and apron; install beacon, lighted wind cone and segmented circle; approach clearing; fencing."

"Ralph W. Yarbrough,
United States Senator"

Cameron Herald
Attn: News Editor
Cameron, Texas

"Was advised by Federal Aviation Agency that $13,400 has been allocated in federal-aid airport program funds for City of Cameron to improve Cameron Municipal Airpark. This brings total allocation to $38,400. Funds will be used for land airport development and clear zones: construct and light NW-SE runway (50' x 3200') taxiway and apron: install beacon, lighted wind cone and segmented circle: approach clearing: fencing."

"John G. Tower,
United States Senator"

This allocation added to the 1965 FAA authorization of $25,000 as well as the $10,000 approved by the Texas Aeronautics Commission assured the expansion program would begin on the Cameron airport, first opened in the late 1940's and needing major improvements in recent years.

The $10,000 state funds followed passage of a bill introduced by Rep. Milton Schiller, of Cameron, authorizing the TAC to allot funds to smaller community airports. Cameron, Hearne, Caldwell, Jacksboro, Post, Clarksville and a few other Texas towns received funds following presentations before the TAC board.

Words are mercurial.

Men inspire deeds. Words inspire men.

Words move, like mercury, in one direction. They can be heavy with meaning. And they can be clear in meaning. Or they can be seen through.

Words can move quickly or lodge heavily. Spoken with full value, words move mountains. Consider closely next time you hear a good use of them. End of preaching.

107-107-107

Driving around Cameron, we see:

--Work nearing completion on Cameron Public Library, due for official opening in mid-May.

--Additional units being built at Milam Motel.

--Sandblasting on the exterior of First Methodist Church.

--Interiod work continuing at Hajovsky's Western Auto, newly occupied.

--Installation of window air conditioning units at Milam Courthouse offices.

--Painting of building fronts on the east side in the 100 block North Houston.

--Interior expansion at Dusek Pharmacy.

--Preparation for street improvements on East Eighth St.

--Painting across the front of Schiller Motors.

--Exterior painting at All Saints' Episcopal Church.

--Okay, if you will, add some 107 missed or that haven't been publicized in The Herald during the past couple of months.

Join the long list of people working on the problem, not each other.

Cameron Trustees Elected; Contests Decided In County

A light 74 ballots were cast in the uncontested Cameron Independent School Board election held Saturday.

Lane Horstmann drew 70 votes in his first trustee election and K. D. Griffin received 61 votes.

Around the county 108 votes were cast in Buckholts re-electing two trustees and 214 voters in Thorndale re-elected Lyngle D. Barnes Jr. and elected Mrs. Gus Kasner. In uncontested races W. B. Bailey, Carl J. Walker and David L. Wilkins were re-elected to the Gause School Board; Vaughn Thweatt re-elected to the Maysfield Board; Raymond Ashley and Ray Whited re-elected to the Milano School Board; and Willie Glaser, E. A. Perrin and John Henderson Sr., re-elected to the County School Board.

In the Buckholts trustee election incumbents Calvin Shenkir received 77 votes and Arnold Glaser, 69. Elbert Svetlik polled 60 votes and W. E. Beckhusen received 3 write-in votes.

The contested election for School Trustee in Thorndale unseated incumbent Mrs. J. E. Locklin who received 80 votes. Barnes polled 146 votes, Mrs. Kasner 107 and James Berry, 74.

TIES RECORD — Mack McKinney, crack senior Yoe High School hurdler, clears a high hurdle on his way to a 14.9 clocking that ties the Cameron Relays record. He placed second in the low hurdles and in the broad jump with a second mark of 22 feet. Quite a day even though Taylor won the meet in team points, followed by Cameron in second place.

Taylor Sweeps Relays With Cameron Second

Four records fell and one was tied in the Cameron Relays Saturday at Yoe Field Fifteen area teams competed in the all-day meet with Taylor ending the day far ahead in total points.

Mack McKinney was high man in the tournament with 28 points.

A fast Taylor team lead track events to rack up a commanding 152 points. Cameron scored a 78 point total, Rockdale 65, McGregor 60 and Del Valle 45.

SPEED SHATTERS RECORDS

The Taylor Ducks re-wrote Cameron Relay record when they tied or bettered five standing records.

A 9.9 time by Taylor's Marcus Heierman in the 100 yard dash tied a record unchallenged since 1954 and a 22.5 time in the 220 yard dash (curve) broke a record set last year by Sheppard of Llano with a 22.9 time.

Taylor shaved the standing 43.6 440 yard relay record time to 43.0 and the 3:31.4 one mile relay set by Georgetown in 1961, to 3:30.1. The Ducks Don Zachary stretched a 22'5" broad jump. Previous record for the broad jump was 21'3½" set by O'Neal of Hearne in 1964. Zachary had jumped 20-9¼ last week to place second in the Rockdale Relays. Sophomore Glen Chmelar of Rockdale recorded his best shot put effort of the year to place first, hitting 49'7¾". Jim Hewitt of Del Valle got 49'5¼" for second place and Marlin's Chalmars was third with 48'1¼".

Yoeman Mack McDaniel took a close second place with a discuss throw of 134'4" and Wayne Kirk recorded a distance of 124'10¼" for third place. McGregor's Oliver won the event with a 135' distance.

A 10' pole vault, far short of the 11'9" recorded by Madek of Taylor last year, won the event Saturday for Wheathon of McGregor. James Roy Young of Rockdale placed second with a height of 8'.

James Ray Young of Rockdale and Shaw of West cleared 5'10" in the high jump. Young, with fewer misses won the event and Russel who jumped 5'9" placed third.

Mack McKinney took a second place for Cameron in the broad jump with a leap of 22'. Zachary of Taylor won the event with a long 22'5". Both distances erased the 21'8½" record set in 1964.

McKINNEY LEADS HI HURDLES

McKinney clocked a 14.9 to win first place in the 120 yard high hurdles for Cameron and Rockdale's Bobby Moorman finished second in 15.0 Mays of Round Rock was third with 15.4.

McKinney and Moorman competed again in the 180 yard low hurdles with Moorman ahead this time at 20.2 and McKinney 20.4 McNeal of Taylor also made the low hurdles at 20.4.

In the 440 yard relay Taylor lead followed by McGregor, Rockdale and Cameron and in the mile relay the line-up was Taylor, Del Valle, Elgin, Cameron, McGregor, and Rockdale.

Taylor dominated the 880 yard dash with Clark clocking 2:03.9, Mohel 2:05.7 and Fox 2:05.7 and the 100 yard dash with Heierman, 9.9, Czimskey, 10.1, and McNeal, 10.3.

David Rummel of Taylor ran the 440 yeard dash in 51.4 for first place, Patyrak of Reicher placed second with 51.9, Michalka of Cameron third with 52.3 and Bill Goeke fourth at 53.4.

In the 220 yard dash Taylor's Hierman was first at 22.5, McGregor's H. Jones second at 22.9 and Taylor's Kolineck 23.0 for third.

A small but mighty Elesar Lucio of Del Valle ran the mile in 4:33.5, slower than his previous times this year, but fast enough to place first in the Cameron Relay. Yoeman Paul Chandler ran a strong 4:41.0 for second place and Del Valle's Guerrero placed third at 4:49.6.

INTERSCHOLASTIC

The Yoemen will compete in the Killeen Relays Thursday before entering the Interscholastic League meet at Rockdale April 15.

Coach Ken Fuqua predicted a 20 point lead by Rockdale in the Interscholastic League competition although Cameron has lead Rockdale in early season meets.

St. Edward Hospital Auxiliary Planned At Meeting Tuesday

About 25 Cameron women met at St. Edward Hospital Tuesday evening to discuss organization of a Hospital Auxiliary and plans were made for a meeting later in the month with the president of the Texas Society of Hospital Auxiliaries.

Hospital officials meeting with the group suggested that the Auxiliary could serve two needs, to inform the community of the needs of the hospital and to offer volunteer service in the hospital.

Initial meetings of the organization would be an orientation program to familiarize Auxiliary members with the work of the hospital and to determine volunteer services needed. Mrs. Bill Burns, spokesman for the group, said goal for membership in the first orientation program was set at 60.

McIntosh, Cannon, Heitman, Place At Waco Science Fair

Cameron students won a first place and two special awards at the Central Texas Regional Science Fair last weekend at Baylor University.

Will McIntosh, Yoe High 9th grader, placed first in junior division earth science with an exhibit on Fossils.

Jerry Heitman, Yoe High senior, placed second in senior division mathematics-engineering and won the Baylor Department of Aerospace Studies Award. His entry was titled Pascal's Computer. Heitman had placed second in the Yoe High Science Fair mathematics division and first in the senior physical science division with an entry titled Fuel Cell.

Ralph Cannon, Yoe High sophomore, was awarded the VIII U.S. Army Corps Service Award. His entry was titled "How do the parts of flowering plants differ in nutrient content."

High school and junior high students from Corsicana, Killeen, Lampasas and Temple dominated the awards at the Cen-Tex Fair. Senior division finalists were Jeff B. Bentley of Temple and Barbara Jackson of Killeen. Junior Division winners were two Lampasas Junior High Students, John Carlton Bogard and Fred Elvin Lowe.

Mrs. Lora Price Dies; Services Here Wednesday

Funeral services for Mrs. Lora Price, 70, who died in a local hospital Monday evening, were held at 3 p.m. Wednesday in the chapel of Green Funeral Home. Rev. James Lafferty officiated and burial was in Corinth Cemetery.

Mrs. Price was born Sept. 4, 1895 in Milam County. She is the daughter of the late Josephine Griffin Loftin and W. O. Loftin.

Surviving are two sons, Eldon Price of Fort Worth and Gordon L. Moore of Houston; three daughters, Mrs. Fred Baker and dr. Joe Fisher of Cameron and Mrs. W. T. Lee of Fayettville, Ark.; two sisters, Mrs. Vivian Loftin and Mrs. Edwin Gandy of Buckholts; two brothers, Carl Loftin of Galt, Calif., and Hallie Loftin of Buckholts; and three grandchildren.

Four-Phase Program

1st Methodist Modernizing

A four-stage renovation and modernization program has begun at Cameron First Methodist Church, according to Rev. Richard Freeman, church pastor.

First phase contract for exterior renovation and waterproofing of the sanctuary went to E. A. Young Co., of Tyler, for a $6,212.67 bid for sandblasting and waterproofing exterior Austin stone, Rev. Freeman said.

No figure was announced for the total project, expected to be completed in three years or less.

The four-phase program includes:

ONE--Present exterior renovation project.

TWO--Interior painting of the older church structure.

THREE--New and additional lighting of the church sanctuary, including new quartz crystal lighting.

FOUR--Separate heating and air conditioning of Methodist Fellowship Hall.

The modernization program was a first phase of preparation for the First Methodist's 125th anniversary in 1972, Rev. Freeman told The Herald.

Church trustees and officers approved the project December 5, 1965, which drew approval of the congregation shortly thereafter, he said.

Rev. Freeman congratulated efforts of A. J. Smith, chairman of the board of trustees, and trustees who worked out plans for a year and a half before final approval. Cited also were trustees John B. Henderson Sr., Oxsheer Smith, H. H. Stedman, Dwight Moody, Don G. Humble, A. W. McCullin and Lester Williams.

Lane Horstmann, chairman of the church official board and chairman of the steering committee and committee members were acknowledged for their work.

It is the first major expansion of the First Methodist Church since the First Methodist Fellowship Hall was completed in 1953.

Need for the Fellowship Hall's separate heating and air conditioning facilities are due to the frequent simultaneous use of the hall and church.

Each part of the four-phase will be begun after the previous is completed or underway, Rev. Feeman said.

Meeting Set Monday For Milano CIO

The Milano Community Improvement Organization will meet Monday, April 11, at 7:30 p.m. in the Milano school cafeteria.

Shelby Smith will be in charge of the program which will be on pasture improvement.

Endorsements Follow Talks For Foundation Plans

133 Votes Cast In City Election

The City Council Tuesday night canvassed the 133-vote uncontested city election and acknowledged receipt of curbing plans from all E. Eighth St. property owners.

A total of 133 votes was cast in the Tuesday election, showing: For incumbent Mayor Bassel Wilson, 109; for incumbent councilman Lester Turner, 126; and for incumbent councilman R. W. Wells, 119 votes.

Several write-ins drew one or two votes, including: for councilman, Lane Horstmann, 1 vote; E. L. Wied, 1 vote; and Charles Chandler, 1 vote; and for mayor, John A. Smith, 2 write-in votes.

City Secretary Buddy Fuller said that a letter to Bernard Johnson Engineers, Inc. engineering firm recommended by the City Planning Commission and approved by the City Council, is being sent by the City to the Houston firm, advising of their employment on proposed community projects.

Mayor Wilson and the Council noted that all 24 property owners along E. Eighth St. from North Washington to North Jackson had agreed to curbing the street prior to a double-coat penetration paving project by the City.

City officials said grading and curbing work should begin soon.

In other action, the Council:

--Heard a final reading of the 1966-67 Equilization Board ordinance. The new Equalization Board will begin meeting soon.

--And approved some routine monthly bills.

CITY CHURCHES SET SERVICES FOR HOLY WEEK

Holy Week services which began with Palm Sunday will continue in most local churches with Maunday Thursday services tonight, Good Friday services tomorrow afternoon and Easter services on Sunday.

Buckholts will have a community Easter Sunrise Service at 6 a.m. in the Buckholts football stadium. A combined community choir will present special music. Coffee and doughnuts will be served following the service.

A community Good Friday service, sponsored by the Cameron Ministerial Association, will be held at 1 p.m. Friday in the First Christian Church. All members of the Ministerial Association will participate in the traditional one hour service.

St. Monica Catholic Church will have Good Friday services at 2 p.m. and All Saints Episcopal Church Good Friday services will be at 2 p.m. St. Monica's will also have a special service at 8 p.m. Saturday.

Most Cameron businesses will close for the Good Friday services according to a Chamber of Commerce poll earlier in the year to determine official holidays. Schools will be closed all day Friday.

Cleaning FluidFumes Form Poisonous Gas

A combination of clorox and detergent formed a poisonous gas which sent Mrs. Grover McCullin to St. Edward Hospital Tuesday for emergency treatment.

Mrs. McCullin was temporarily overcome by fumes from the mixed cleaning fluid. She was released from the hospital following treatment that night.

Dr. Watson Joins Newton Clinic Staff

Dr. Shane Watson, DSC, VRD, MB, BS, FRCS, of Oxford, England, formerly of London, will be associated with the Newton Clinic in Cameron. His specialty is General Surgery and Orthopaedics.

Dr. Watson earned his medical and bachelor of surgery degrees in Sydney, Australia where he received the Hinder Memorial Surgical Prize. He held surgical positions with several teaching hospitals in Australia and more recently has done cancer research and research on paraplegia with the National Spinal Injuries Unit of England.

He did advance surgical studies and practice in ten of the major hospitals in London, completing the courses between 1964 and 1965. He received the degree of Royal College of Surgeons in Glasgow in 1964.

During World War II Dr. Watson served in the British Royal Navy and Australian Navy and received the Distinguished Service Cross. Following honorable discharge from the Navy, he was appointed Consultant in Underwater Medicine to the Royal Australian Navy and District Naval Medical Officer for New South Wales. During this time he did research work on safety measures for divers including methods of killing sharks underwater and cancer research. Subsequent work included research work and work in techniques of diving for the Australian Navy.

Cook Awaiting Death Sentence

Oscar Cook of Rogers was transferred from Falls County Jail to the Texas Department of Corrections in Huntsville Monday morning to await execution Thursday, May 19, 1966 for the shooting death of his mother-in-law, Mrs. Doris Crow of Davilla.

Sentencing by Falls County District Judge John C. Patterson came following the defendant's withdrawal of his application for a post-conviction sanity hearing at 9 a.m. Monday in the Falls County District Court.

Cook was found guilty of murdering his mother-in-law in a shooting at his estranged wife's family home in Davilla and was sentenced to death by Judge Patterson on January 30, 1964. The Falls County trial followed a change of venue from Milam County's 20th District Court after efforts to empanel a jury here failed.

Cook's attorneys gained the post-conviction sanity hearing after the Court of Criminal Appeals upheld the lower courts sentence. The sanity hearing was originally set for Febuary 28, then re-set for April 4 because of the illness of a defense attorney.

Cook's death sentence is the first in at least 40 years resulting from a Milam County crime.

Defending Cook have been court appointed Marlin attorneys Charles Reagan, Jack Welch and Robert D. Patterson representing the State were Milam County Atty John Henderson Jr. and Falls County Atty. Tom Bartlett.

MORE SPEECHES SLATED BEFORE MAY 1 KICKOFF

Speakers from the Cameron Industrial Foundation board this week addressed the first three of about 25 Cameron groups on planning and financing a Foundation.

Talks before Business & Professional Women's Club, Cameron Delphian Club and St. Monica's Ladies Society Monday and Tuesday drew endorsement from all three of CIF efforts for an industrial fund drive for $100,000 and industrial site development.

Presentations followed a CIF board meeting Monday afternoon where finance chairman Bill Burns showed samples of proposed Fund membership certificates and receipts to be used during the drive, now scheduled for a May 1 start.

In a publicity committee report, speakers from the CIF board were invited to address a heavy schedule of engagements during the second week of April.

CONTACTS UNDERWAY

Board officials are contacting officers of about 15 community civic, fraternal and church organizations for the possibility of addresses next week or sometime during April.

Already scheduled for short addresses next week are: Cameron History Club, 3:30 Tuesday at Mrs. Emory B. Camp residence, Cameron; Cameron Junior Chamber of Commerce, 7:30 p.m. Tuesday, Baskin Bldg.; Cameron Ministerial Association, 10 a.m. Wednesday, First Baptist Church; Cameron Lions Club, noon Monday, Texan Cafe, Cameron CofC directors, 5 p.m. Cameron Chamber; and Fleur-de-lis Garden Club, 7:30 p.m. Tuesday, Mrs. George Hollas residence; and Civic Garden Club, 9 a.m. Thursday (place unannounced).

Contacts are being made with officers of the following groups on feasibility of scheduling talks: Knights of Pythias, Cameron Fire Dept., American Legion, Pleasure & Profit Club, Civic Garden Club, Three Arts Club, Knights of Columbus, Masonic Lodge, YHS Band Booster Club, St. Anthony Parents Club, Cameron Rotary Club, Odd Fellows Lodge, Cameron Parent Teachers Association, A&M Mother Club and others. A program may be arranged by calling the Chamber office, OX7-2541.

Foundation board members are considering the possibility of a Town Meeting prior to the kick-off date of May 1 for the community, along lines of two Town Meetings here in 1965.

Speakers from the CIF directors will make talks to the groups about Foundation proposals, Narvie Caperton, board president, noted.

BROCHURES READY

Brochures have been prepared and are being distributed to the groups on the need for the Cameron industrial program and what a successful industrialization program would mean to Cameron.

CIF board members approved the brochure Monday evening along with the proposed membership certificates and other drive materials.

Speakers thus far before Cameron groups have been Don G. Humble, Forrest Sapp and Eugene Smitherman. Others from the Foundation board will make presentations, Caperton said.

Board officers and directors are: Caperton, president; R. W. Wells, vice-president; Henry Siebman, secretary-treasurer; and directors Burns, B. F. Grimes, Frank Luecke, John B. Henderson Jr., Lester Williams, Hilliard Thomas, Charlie Burke, Monroe Fuchs, Humble, Sapp and Smitherman. Other committee members are: Albert Collins, finance; and E. A. Perrin, sites.

Mr. J. T. Downey of Milano announces the engagement of his daughter Martha to Winford Paschall, son of Mr. and Mrs. W. D. Paschall of Austin. A June 10th wedding has been set at the First Baptist Church in Milano. The bride-elect is a senior at Milano High School. Mr. Paschall is a senior at SWTSC.

Miss Gurecky Wins Summer Fellowship

Miss Barbara J. Gurecky, a teacher in Houston's Furr Junior-Senior High, has won a summer study fellowship in journalism.

Miss Gurecky, daughter of First National Bank Vice President A. K. Gurecky and Mrs. Gurecky, will study at the University of Oregon. She is a Yoe High graduate and earned degrees at the University of Texas and the University of [illegible].

The fellowship was awarded by Newspaper Fund, Inc., and financed by the Wall Street Journal.

• Clarkson

By Mrs. J. A. Blasienz

Mr. and Mrs. Otto Mayer and sons, and Mrs. Celia McSherry of Burlington attended funeral services for Charlie Braden in Waco on Saturday. Mr. Braden was 92 years old at the time of his death. He was the uncle of Mrs. Mayer and Mrs. McSherry.

Mrs. V. D. Dodd was a patient in Halbert hospital in Rosebud this week for observation and a check-up.

Mr. and Mrs. Alfred Kohring visited Mr. and Mrs. Ed Dashe and daughter in Ben Arnold Sunday night.

Mrs. Joe Hauk and Mrs. Amos Doskocil visited friends and relatives in Bryan on Sunday afternoon.

Mrs. J. A. Blasienz attended funeral services for Mrs. Will Brown at Little River Baptist Church Wednesday afternoon. Burial was in the Little River Cemetery.

Mr. and Mrs. Billy Stuessel of Temple visited in the Amos Doskocil home on Sunday.

Mrs. George Dodd and daughter Karen visited her mother, Mrs. M. H. Behne in Rosebud on Tuesday.

Mr. and Mrs. Alfred Kohring had as guests on Sunday Mr. and Mrs. Jerry Doskocil, Mr. and Mrs. Nelson Kohring and daughter Paula of Irving, and Mr. and Mrs. Edgar Self of Cameron.

Entries Invited For Belton Iris Show

The Belton Iris Society will hold its annual iris show in conjunction with the Region 17 meeting of the American Iris Society, which includes all of Texas, at Leon Heights School, April 16 from 3 to 6 p.m.

The public is invited to enter specimens in the show. Entries will be received from 8 to 10 a.m. and must be removed at 6 p.m. Exhibitors are to furnish their own containers, which should be green bottles.

BIRTHS

To Mr. and Mrs. Giles McDermott, Route 3, Cameron, a girl, Lorrie Elizabeth, 7 pounds 9 ounces, born 6:30 p.m. March 22 at St. Edward Hospital.

To Mr. and Mrs. Curtis Barlow, a boy Lester Earle, born 8 p.m. March 25 at St. Edward Hospital.

To Mr. and Mrs. Anton Kopriva, a boy, David Allen, 6 pounds 7 ounces, born 1:03 p.m. March 23 at St. Edward Hospital.

Mrs. Camp Hosts Luncheon, Bridge

Mrs. Emory B. Camp entertained Cameron and Rockdale friends with a bridge luncheon at her home Tuesday.

The luncheon was served adound the swimming pool with desert and coffee served later in the afternoon from the dining room.

Spring flowers decorated the entry and party rooms and a miniature tree trimmed with Easter bonnets centered the dining room table.

Assisting Mrs. Camp were Mrs. James Camp, Mrs. Emory C. Camp and Mrs. Robert Ellett.

When Needed--Oil is Oil

If your boots get wet in camp, try heating sand over the campfire in a tin can, then pour hot sand into boots.

Another but slower way is to stuff the boots with dry grass.

PERSONALS-

Lt. Allen Dodson who is stationed at Wurthsmith AFB, Mich. spent several days in Cameron last week with his parents, Mr. and Mrs. Allen Dodson.

Guests in the Roy Law home last weekend included Dr. and Mrs. Dave Johnson and sons of Waco, Mr. Dick Denson of Austin and Miss Bonnie Uhr of New Braunfels.

Miss Karen Adams and Miss Sue Smith of Houston were weekend guests of Miss Adams' parents, Mr. and Mrs. Edwin Adams. Miss Adams and Miss Smith are students at the University of Texas School of Nursing, Galveston.

Among college students home for the Easter holidays is Judson Smith who was recently promoted to the rank of Corporal in the Schreiner Institute cadet corps.

Mrs. T. C. Gunning of El Paso, formerly of Cameron, visited friends in Cameron several days last week.

St. Monica Women Endorse CIF Plan

St. Monica's Ladies and Christian Mothers regular meeting was held Tuesday at Simon-George Hall headed by the president, Mrs. Harold Moore.

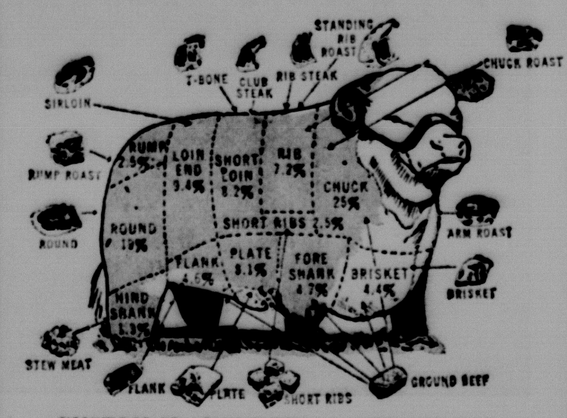

Plans were discussed for a chicken-in-basket supper in early May.

Rockdale Dinner, Falls Co. Meeting Honor Schiller

State Representative Milton Schiller dinner in Rockdale on was honored with an appreciation Friday evening and by a get - acquainted meeting in Westphalia on Saturday night.

The appreciation dinner, sponsored by a 35 member committee of South Milam County citizens, was held in Rockdale's elementary school cafeteria, and was attended by an estimated 350 persons who filled it to capacity. A crowd of more than 250, mostly Falls County citizens, turned out for the Westphalia get-acquainted party on Saturday evening.

Byron F. Cook served as master of ceremonies of the Rockdale testimonial dinner. Spud Caywood introduced out - of - town guests. Other speakers during the evening were State Senator Murray Watson of Mart and Rev. Clinton Kersey, chaplain of the House of Representatives.

Watson praised Rep Schiller for a job well done during his two terms in the Legislature. He also pointed out that Texas was on the move and becoming a more industrial and big - city population state, so it was necessary for rural districts such as the 7th to send able and experienced men to represent them in Austin.

Rev. Kersey commended Rep. Schiller for his friendliness and his ability to co-operate with his fellow House members. He praised him as hard working and experienced.

"Milton Schiller is my friend and I am happy to be here to help you honor him," he said.

Rep. Schiller, when acknowledging the honors paid him, expressed his thanks and said he hoped to continue to serve as a "public relations man" for the 27th District which now has a 60,000 population.

The Westphalia get - acquainted party on Saturday evening was sponsored by a six member committee of Falls County citizens. They included Charlie Kleytas, W. C. Herring, Wallie Arnold, John Lingnau, E. B. Hesse and Melvin Frei. Wallie Arnold served as master of ceremoni es. The program included musical numbers a n d several short speeches.

Milam TB Assoc. Hears Report Of Years Activities

Leroy Massengale, president of the Milam County Tuberculosis Association, reported on work of the Association at their annual banquet March 26 at the Rockdale Country Club.

Massengale said that during the year the Association had furnished materials for skin testing, medication for patients that had been dismissed from the hospital and could not buy them and clothing and personal articles requested for Milam County patients by case workers in the Tuberculosis hospitals.

The Association also purchased a Heaff Gun to be used in school tuberculin testing, awarded three $100 scholarships to high school graduates planning careers in health and purchased a sound projector and screen to show health education films.

Massengale also reported that 334 skin tests were given and 19 found positive, one is in a veterans hospital and 18 on medication at home with regular check-ups. Eight new cases were reported in the county.

Dr. Clifford G. Swift, 1965-66 Seal Sale chairman, announced that total Seal sales for the year amounted to $$1,388.25.

Rockdale Rites For J. C. 'Bud' Hurt, 74

J. C. "Bud" Hurt, 74, of Milano died early Sunday in a Temple hospital. Funeral services were held 4 p.m. Monday from the Phillips and Luckey Funeral Chapel in Rockdale with Evangelist James R. Stewadt of Waco officiating. Burial followed in the Milano Cemetery.

Survivors include his wife, Mrs. Elvina Hurt of Milano; one son, George Hurt of Kingsville; five daughters, Mrs. Louise Moore and Mrs. Annie Moore of San Antonio, Mrs. Geneva Paceley, Mrs. Marjorie Lopez and Mrs. Dalpha Garrison, all of Milano; two brothers, Ora Hurt of Corsicana and George Hurt of Austin; three sisters, drs. Amanda Beard of Bryan, Mr. Donnie Wilson of San Antonio; and 16 grandchildren.

Presbyterians Honor Pastor

Rev. Eugene Strickland, pastor of the First Presbyterian Church, Cameron, and Maysfield Presbyterian Church for the past 5 years, will give the last sermon of his pastorate in Cameron at the Easter service Sunday.

Rev. Strickland has accepted a call to the First Presbyterian Church of Idabell, Oklahoma.

The Strickland family was honored at a fellowship supper Tuesday night at the church. They plan to move to Oklahoma Monday.

Mr. and Mrs. Herbert Nance announce the engagement of their daughter Margaret to Mr. Edward Orlando Wiley, III. Mr. Wiley is the son of Mrs. Tommye Bowden Wiley and Mr. E. O. Wiley, II, both of San Marcos. The couple plan a July wedding.

Ceremony United Phillips, Roseler

Miss Betty Sue Roesler daughter of Mr. and Mrs. Willie Roesler of Tracy and Mr. John Marshall Phillips, son of Mrs. Olive Ruth Phillips of Cooper and Mr. Forest Phillips of Dallas, were married at 5 p.m. March 19 at Good Shepard Lutheran Church in Dallas.

Rev. Wilfred R. Menke performed the double ring ceremony and sented traditional wedding music.

The bride, given in marriage by her father, wore a floor length gown of white peau de soie. Her veil was of net on a crown of pearls and her bouquet was a cascade of white carnations.

Miss Betty Joyce Dickson of Dallas was maid of honor. She wore a blue silk shantung dress with matching accessories and carried white carnations.

Mr. Johnnie Earley of Dallas served as bestman.

The brides mother wore a yellow dress with black patent accessories and a white carnation corsage. The grooms mother wore a light green suit with black accessories and a white carnation corsage.

A reception following the ceremony was held in the church annex.

The brides table was overlaid with white lace and centered with a large wedding bell.

Members of the houseparty were Mrs. Gloria Phillips and Miss Vanetta Bradford of Dallas and Miss Sue Phillips of Cooper.

The bride attended Rockdale High School and is employed at First National Bank in Dallas. The groom attended school in Cooper and is employed at Benny's and Denny's Barber Shop in Dallas.

The couple will make their home in Dallas.

Hughes, Janice Friemel, Mrs. J. R. Bush, Mrs. Margarita Estrada, Mrs. Arthur Montez, Miss Aetna Smith.

Luncheon At Salado Honors Bride-Elect

ROGERS

Miss Janet Dee Sportsman of Kansas City, Missouri, bride-elect of Brian L. Harbour of Rogers, was honored Saturday at the Stagecoach Inn in Salado with a luncheron. Hostesses were Mrs. Edwin A. Smith Jr., and daughter, Barbara, and Mr. J. H. Merka.

Decorations were carried out in the bride's chosen colors of three shades of pink. The honoree was given a corsage and a gift.

Sepcial guest was the future bridegroom's mother, Mrs. B. F. Harbour of Rogers.

Miss Sportsman and her fiance are senior students at Baylor University in Waco. The wedding is planned for June 18 in Kansas City.

WSCS Completes Book Of Acts Study; Has Easter Retreat

The Woman's Society of Christian Service of Cameron Methodist Church met in the Fellowship Hall Tuesday at 9:30 a.m. for the last session of study from the Book of Acts.

Mrs. John Rosson, study leader, introduced the subject for discussion with Mrs. D. R. Dodson leading first, "The Church in Tension With the World" and Mrs. Rosson discussing "The Mission of the Church."

After the study, Mrs. Richard Freeman conducted a brief Easter Retreat using a worship service of litany and prayer and Scripture from Romans and I Corinthians.

Mrs. Philip McCall was accompanist for the singing of hymns.

The meeting closed with a prayer.

Spring Workshop For Fleur de lis Club

The Fleur-de-lis Garden Club will have a Spring Workshop Tuesday, April 12, at the home of Mrs. George Hollas.

The Workshop titled "Say it With Flowers" will be a practice session in preparation for the spring flower show on April 20. Club members will provide their own flowers and containers for the workshop.

Rites Monday For Miss Maria Borgas

Miss Marie Borgas, 56, died in a Temple hospital early Saturday morning. Funeral services were held at 10 a.m. Monday in Blessed Heart Catholic Church, Cameron, with Rev. Jimmy Grenwald officiating.

Burial was at St. Monica Cemetery.

Miss Borgas is survived by her mother, Mrs. Maximino Borgas of Cameron; six brothers, Jim Guseman, Cameron, Pio Borgas, Ft. Worth, Gabriel Borgas, Plainview, Mike Lucio and Frank Borgas of Cameron; and six sisters, Mrs. Paula Herrera, Rogers, Mrs. Juana Herrera, Buckholts, Mrs. Cecilia Rangel, Mrs. Cruz Cabrera, Mrs. Manuela Martinez and Mrs. Amancia DeLeon, Cameron.

CAMERON, TEXAS' HERALD, APRIL 7, 1966 Page 1a
SECTION TWO

USDA Agency Announces New Rural Housing Loan Program

Farmers Home Administration is accepting loan applications from rural families who need to improve their housing, Henry N. Ivey, the agency' ssupervisor for Milam County, said today.

He said funds may be used to finance homes, building sites, and essential farm service buildings.

Under the new program private capital will provide the bulk of the funds with the Farmers Home Administration making the loans and guaranteeing the repayments of principal and interest to the investors. Legislation implementing the new insured loan program was contained in the Housing and Urban Development Act of 1965.

The Act authorizes the Farmers Home Administration to insure loans totaling $300 million each year for families in low or moderate income levels. These loans will bear interest at 5 percent. Additionally, loans bearing 5¾ per cent interest can be insured for families with incomes above the moderate level.

Mr. Ivey, said that loans are available to families living in farms and in rural areas including towns of 5,500 population to construct, improve, or repair rural homes and related facilities, or farm service buildings, or to provide water for farmstead and household use.

Families needing credit to improve their present housing may use loan funds to add bathrooms, central heating, modern kitchens, and other home improvements, as well as to enlarge or remodel farm service buildings and put in related facilities such as yard fences, driveways and sidewalks. frnces, driveways and sidewalks.

• Buckholts

By Mrs. J. W. Meyer

Mr. and Mrs. Ragsdale Pace have returned from Houston where they visited their daughter and son-in-law, Mr. and Mrs. L. A. Swanson.

Mr. and Mrs. L. N. Ezzell visited Sunday with their son-in-law and daughter, Mr. and Mrs. A.W. Pick. Visitors in the Ezzell home have been Mr. and Mrs. Joe Ezzell of Tucson, Arizona; Mr. and Mrs. Raymond Ezzell, Dennis and David of Rogers and the Rev. and Mrs. Glenn Moehring, Wayne and Beth Ann.

Mrs. W. C. Dudik is reported to be improving nicely after recent minor surgery at Scott and White hospital in Temple.

Mrs. Frances Stalmach is a patient under treatment at Scott and White hospital in Temple.

Guests of Mr. and Mrs. Edwin Fischer have been Mr. and Mrs. Joe Dean Zajicek, David and Gregory of Thorndale; Mrs. Hulda Pagel and Mrs. Elsie Wagenfuehr of Temple; Mrs. Stanley Glaser and daughter, Jocelyn and Mrs. A. W. Lang of Buckholts.

Atty. Gen. Candidate Campaigns Here Sat.

Galloway Calhoun of Tyler, one of three candidates for Attorney General, campaigned in Cameron Saturday. A former Assiistant Attorney General, he is serving his third term as state senator and was elected President Pro Tem of the Senate during the special session of the Legislature in February.

Calhoun, 34, is a graduate of the University of Texas and is an attorney in Tyler.

Taste for Creole and Cajun dishes has boosted yearly rice consumption in Louisiana to 30 pounds a person, five times the national average, National Geographic says.

County Agent's Notes

Flower Blight Signs, Control

By J. D. Moore

Bees and the flowers are most common at this season of the year and represent one of natures "way of life." The bees depend on the flowers as a source of "nectar" gathered by the Honey Bee and converted into a food supply, not only for the bees, but also for human consumption. Many flowers depend on bees and other insects for pollination.

Flower and plant enthusiast should take note of this innocent act of nature. Primary infection of several "blight diseases" common to plants are spread or brought about by bacteria-carrying insects feeding and walking about on flowers and leaves. Bees, flies, and ants are attracted most to the nectar-filled flowers; and after having visited and infected a bloom pick up bacteria and transfer them to other flowers.

One of the most common and destructive blights is fire blight of the apple and pear. The disease also occurs on apricot, loquat, spirea, photenia, pyracantha, burford holly, cherry laurel and many other plants.

The term blight refersto a rapid discoloration and death of tissue over certain portions of plants. Severe cases of infection may result in the death of affected plants. During the spring, this disease may spread over an entire orchard and kill most of the growth. Upon dying, the leaves and growing stems turn black, remain on the plants and appear severely scorched.

After a sufficient number of blossoms and leaves have been infected, a wind-blown rain may spread the bacteria to other plant parts and other plants. Thus this disease usually spreads more rapidly during wet seasons.

Fire blight causing bacteria overwinter in cankers on the bark of plants. When warmer weather comes in the spring, the bacteria multiply and a bacterial ooze emits from these cankers.

CONTROL - The most effective means of control is to prune out infected canker areas well below the canker itself during the fall and winter season. Some varieties are resistant, but few produce high quality fruit. Application of fungicidal sprays during the blossoming period help prevent new infections.

Zineb is a general purpose fungicide with low toxicity to plants and animals. Zineb is sold as a wettable powder and contains about 17.5 percent copper.

AMOUNT TO USE - Two teaspoonfulls in one gallon of water or 2 pounds of 75 percent wettable powder to 100 gallons of water. Other fungicides are equally effective.

Begin application of fungicides during the blooming period of plant or before the disease symptoms appear.

Additional information on plant disease control is available at the county agents office.

• Burlington

By Mrs. George Logan

Friends and relatives here of Mr. Charlie Braden of Waco attended his funeral at Waco. He and his family lived in Burlington for several years.

Mrs. Aleta Marek entertained the 42 Club at her home last Tuesday.

SUBSCRIPTION RATES: Milam Trade Area: $3.00 per year. Outside Milam County: $4.00 per year. Entered as second-class matter at the Post Office in Cameron, Texas, under the Act of Congress of March 1, 1879. Published every Thursday.

3 Foundation Endorsements . . . .

Three out of three--that is a good average---and that is the endorsement score following the first week's talks in behalf of Cameron Industrial Foundation before three city organizations.

Business & Professional Women's Club, the Delphian Club and St. Monica's Ladies Society all went on record in favor of the CIF's proposal for an active, funded Industrial Foundation.

More than 25 organizations will hear presentations from directors and offices of CIF during the month of April, prior to a kickoff of May 1 fund drive.

This should be proof of the desire to mobilize this community's resources and efforts toward a growth factor Cameron or any community needs to thrive in the 1960's.

It will be interesting to watch the enthusiasm grow, as surely it will.

Your Planning Commission . . .

The City Planning Commission has recommended and the City Council has approved an engineering firm to advise on means to improve a major area of Cameron's business community.

Since November, the Commission has met a number of times with various firms, electing the Houston firm after several months review. We understand the Commission like the Cameron Industrial Foundation board, is now meeting weekly.

The Planning Commission thus is functioning to its most efficient level since the early 1950's and is assuming major responsibilities for guiding important community improvements through the next few years.

The test will be designing a program that Cameron will support in the light of changing community requirements of this decade and the next.

Consideration is being given to broad downtown changes, which consider the automotive era's requirements and the modern resident's leisure and shopping time.

This group's efforts ultimately will require the support of board majority of Cameron residents who accept the sheer necessity of continued modernization.

Vehicle Inspection Deadline April 15

AUSTIN

The director of the Texas Department of Public Safety reported today the owners of more than one and one-quarter million motor vehicles still need to have them safety checked at official inspection stations before their current inspecation stickers expire April 15.

Col. Homer Garrison Jr. said this means Texas' 5,350 inspection stations must collectively check over 65,000 vehicles per day in order to meet the deadline.

"This breaks down to an average of 12 cars per day per station," Garrison said. "And though this may seem like a small enough number to run through each station, if adds up to a toaal of over 1,378,000 individual vehicles."

He pointed out that the load on some inspection stations is greater than on others, resulting in the development of frustrating waiting lines in some places as the deadline approaches.

Latest figures indicate that so far during the 1966 inspection period approximately 2,815,000 vehicles have been inspected. This is 308,000 more than for the same period during the 1965 period when 2,507,000 were safety checked. It is estimated that some 200,000 to 250,000 more vehicles will be inspected this year compared to 1965.

"This gives us a gain of some 50,000 vehicles over last year's inspection period," Garrison said, "which is less than one day's total.

"Those drivers who consistently have their vehicles checked early and more than once during the year, such as before long trips, are to be commended for guarding their own safety as well as that of others on our streets and highways."

ADA HENDERSON HONORS

Two names were inadvertently left off the 7th grade Ada Henderson honor roll published last week. They are Donald Evans, son of Mr. and Mrs. Morris Evans and Johnny Bailey, son of Mr. and Mrs. Ben Bailey.

FULL SERVICE BANK ®

Second Voter Sign-Up Likely

By Vern Sanford

AUSTIN

Federal authorities think Texans should get two more chances to register for voting in this year's elections.

Department of Justice motion before a three-judge U. S. court requests supplemental registration periods of April 8-19 for primaries; and August 22-October 8 for the November general election.

Justice Department attorneys consider the March 3-17 registration period "inadequate."

Although federal attorneys commended Texas officials for "diligence and good faith" in meeting their responsibilities under the initial free registrations, they made these complaints.:

Forty-four per cent of Texas counties opened no substations for registrations outside courthouses; 67 per cent of county registration offices did not remain open at night; and 47 per cent of counties added no deputy registrars.

Most of the 635,000 voters who registered last month, the Justice Department calculated, signed up during the second week of the March 3-17 period. Many more would have signed up in another week, the motion contended.

Although there are now 2,975,000 Texans registered (or 56 per cent of total potentially eligible adults), about 2,000,000 more remain unregistered, the Justice Department said.

"Frivolous harassment" or an attempt by the federal agency to destroy all state authority over voting procedures, said Gov. John Connally.

"A deliberate, shocking attempt to abuse Texas," charged Atty. Gen. Waggoner Carr. He plans to challenge the right of the Justice Department to delve into such details of election operation as registration dates.

ROAD BEAUTY BILL HIT

Outdoor advertisers, motel owners, tourist attraction operators and salvage dealers at a public hearing vigorously attacked standards for implementing new federal legislation aimed at beautifying highways by policing billboards and junkyards.

In two days of testimony before Paul E. Warren, U. S. Bureau ofPublic Roads Examiner, 61 witnesses hammered at the detailed standards, although many said they supported the original intent of the bill.

Most said the regulations proposed by the U. S. Department of Commerce would destroy or seriously damage their businesses.

In addition to witnesses' testimony, the examiner received 84 written statements.

Final regulations will not be adopted until hearings have been concluded in all 50 states and Puerto Rico.

COURTS SPEAK

State Supreme Court will review on May 4 a suit to force reapportionment of Midland County commissioner's precincts to require substantially equal population in each. A district court ordered the reapportionment, but El Paso Court of Civil Appeals reversed the decision.

Supreme Court refused for second time to hear an appeal from a judgment against the S. W. Richardson estate for failure to pay state, county and school property taxes on 32,750-acre St. Joseph Island in 1960 and 1961.

Austin District Court temporarily enjoined operations of Marketmakers Inc. of Beverly Hills, California, three Texas-organized corporations and eight individuals.

Attorney General Carr has described the operations as a "pyramid club scheme" (similar to old chain-letter clubs) which has defrauded hundreds.

TEXAS GROWS

Texas is 13,151 miles bigger than anyone thought. New acreage was discovered after the first detailed study of Texas' area in 20 years was completed by Land Commissioner Jerry Sadler. Report shows the state contains 177,052,700 acres, or 276,600 square miles.

However, Alaska's 571,065-square-mile-area still makes Texans live in the second largest state in the Union.

BRUCELLOSIS

Texas Animal Health Commission reports 11 more counties are testing for initial certification as control counties in the drive to eradicate brucellosis among Texas cattle.

Atascosa, Brooks, Coryell, Falls, Hamilton, Hood, Jack, Limestone, McLennan, Milam and Roberts Counties are the latest to test. No counties qualified in February, but, four -- Comanche, Moore, Sherman and Deaf Smith -- did qualify for recertification.

U. S. Department of Agriculture and the Texas Commission list 55,676 cattle backtagged in markets during the month. There were 12-997 tagged cattle originating in Texas at slaughter and 16,326 cattle tested at markets for return to county with 258 brucellosis reactors discovered.

BUSINESS ACTIVITY UP

Texas business activity index resumed an upward trend in February after three months of "approximate stability," UT's Bureau of Business research reports.

Hand-in-hand with business gains, non-farm employment soared to new heights with South and West Texas out in front. Overall the state showed the smallest jobless percentage for February in 14 years -- 3.6 per cent.

Construction industry scored a big 16 per cent increase in February over January. Total construction for the first two months of 1966 was 24 per cent above the same period in 1966, a record year.

Major cities showing sharpest growth rates were Dallas, Beaumont, San Angelo and Amarillo.

OLD PHILOSOPHER

Dear editar:

The trouble with picking up two newspapers instead of one is that it frequently leads to confusion.

For example, in one paper I found out here yesterday I read an account of Mrs. Indria Gandhi's visit to the United States in her job as Prime Minister of India to discuss world affairs and possibly step up the amount of grain the U.S. is sending over there.

In a speech she made at the White House she said India is staying neutral in the nuclear arms race, that while her country has the brains, the techniques, and the capacity to make nuclear bombs if it set its mind to it, it has decided not to.

In another paper I found, apparently blown against the same fence by the same wind, an article explained how the United States is sending agricultural experts to India to try to teach that country's 60 million farmers how to produce more.

This is what's confusing about getting too many facts at one time.

If India has the capacity to produce something as complex and expensive as a guided missile if it wants to, it seems to me it'd use some of that capacity to produce a little more grain. Launching a tractor isn't any harder than launching a rocket, and you can do the former on a cloudy day. Looks like India would drop it's program of providing guided walking plows for its farmers and get into the tractor age. I believe any man who could build a guided missile could operate a tractor, even if it's as complicated and headstrong as the 17-year-old one I use on this Johnsongrass farm.

As I understand it, the American farmer is now growing enough for himself and 33 other people. If the 60 million farmers in India did as well, they'd produce enough for nearly 2 billion people, which is five times that country's population, and would result in grain-hungry Prime Ministers visiting there, instead of the other way around.

All this proves is that a man with two newspapers sometimes can be twice as confused as the man with one.

By the way, I don't know who the 33 other people are I'm supposed to be feeding, but if my tractor blows a gasket one more time I recommend they put in a garden at once.

Yours faithfully,
J. A.

Family Operated Farms On Increase

COLLEGE STATION

Is the family farm on the way out? "Far from it," reports Tom Prater, Extension farm management specialist at Texas A&M University.

"In fact," said Prater, "according to the 1964 census of agriculture, the number of family farms in the U. S. is growing--and the future looks even brighter."

A 1964 estimate of farm numbers shows that family-operated farms make up about 60 percent of the total. They also account for about 75 percent of all farm marketings said Prater.

Another optimistic note: the most rapidly expanding part of the farm economy, says Prater, is family farms producing $10,000 or more in gross sales annually.

Of all the farms in the U. S. with $10,000 or more in annual sales, 88 percent are family farms. These family farms account for 76 percent of the national farm production.

And among larger farms--those with $40,000 or more in annual sales--the rapid increase in family farms is even more noticeable. Estimates are that family farms make up some 40 percent of these larger units and are growing every day.

The number of all farms in the U. S. is declining, but those which have disappeared were small units, said Prater. Most of those which have dropped from the scene produced less than $2,500 annually in sales.

Major Crimes On Increase Garrison Says

AUSTIN

Col. Homer Garrison, director of the Texas Department of Public Safety, reported today that a major crime was committed every 1 and ¾ minutes during the 1965 to make a nine per cent increase over the crime statistics for 1964.

The number of estimated offenses reached an all-time high total of 284,249 for last year. This was an increase of 23,389 individual instances of criminal activity over the 260,860 offenses tabulated in 1964.

The largest increase percentage-wise occurred in the aggravated assault cases, with a 17.1 per cent over the previous year. The number of thefts closely followed with a 10.3 per cent increase over the 1964 mark. Burglary showed an 8.8 per cent increase, robbery decreased 1.0 per cent, auto thefts were down 2.3 per cent, rape decreased 8.3 per cent and murder and homicide dropped 19.3 percent.

The crime rate, the comparison of the number of crimes to the population of the state, also showed a sharp rise, Garrison stated. During 1965, there were 2,967.2 crimes committed for every 100,000 persons in Texas. This was 244.2 more than the 2,723.0 calculated for 1964, resulting in a nine per cent increase in the crime rate.

"The citizens of Texas are being victimized at an ever-increasing rate," Garrison said. "During the past year, on the average, there was a theft every three minutes, a burglary every seven and one-half minutes, an auto theft every 27 minutes, an aggravated assault every 27¼ minutes, a robbery every two hours and fifteen minutes, a rape every six hours and a murder every nine and one half hours.

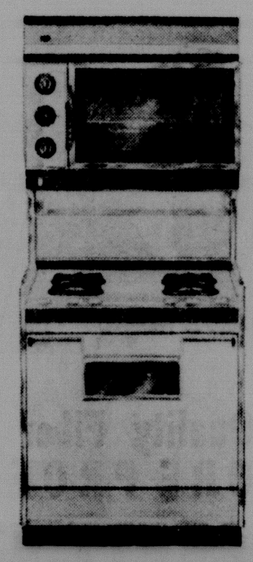

"This results in a major crime on the average of every one minute and forty-five seconds, with no relief in sight unless major steps are taken to strengthen the police forces of our state."

JAN. FARM RECEIPTS UP

Texas farmers and ranchers received $360.4 million in January from the sale of crops livestock and livestock products. Cash receipts were up 16 percent from January 1965, reports the Texas Crop and Livestock Reporting Service. Crops provided $254.4 million and livestock and livestock products $106 million.

gas cooks cooler

There's no hangover heat with gas cooking. Turn a gas burner off and it's off — instantly. Cooking stops. Broiling is cooler, too, and smokeless. With gas you can broil with the door closed. Gas makes the big difference because it's cool, clean, fast, safe, efficient, dependable and more economical than you-know-what. Now's the ideal time to get that modern, automatic gas range that you've always wanted—at gas appliance dealers or Lone Star Gas.

TAKE YOUR PROBLEMS TO CHURCH THIS WEEK

Millions Leave Them There!

THE QUEST FOR NEW TRAILS

The history of man is a story of progress. Each of its thousands of volumes could bear one common title: *The Quest for New Trails.*

Even in childhood we display this strange genius which has brought us from primeval forests to this atomic age. We love to penetrate the untouched spaces . . . to open trails where none have ever been.

But this quest could destroy us more rapidly than it has profited us. History recounts the fall of many a civilization too busy with its search for new trails to understand its deeper needs.

For man can truly progress only when his spiritual growth keeps pace with his cultural and scientific advancement.

Or, bluntly, the future of this young Arctic explorer and of his world depends on the Church. The truths of God are unchanging—and ever more essential—as we seek new trails into the Unknown.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Peggy Schiller Honored At BU Woman's Day

Peggy Schiller, daughter of Rep. and Mrs. Milton J. Schiller, received the Most Outstanding Senior Business Education Student Award at Baylor University's annual Woman's Day Banquet March 24. Miss Schiller was chosen by vote of the seniors and faculty in the Business Education Department on the basis of scholarship, character, and professional ability.

She is currently serving as president of the Baylor chapter of Pi Omega Pi, national honorary business education society and vice president of Theta Chi, a social-service organization for women business majors at Baylor. She is also a member of Alpha Lambda Delta, freshman women's honor society; Alpha Chi, national honorary scholastic society, the membership of which is limited to the upper 5 per cent of juniors and seniors; and Beta Gamma Sigma, national scholastic honorary society of collegiate schools of business, also called the "Phi Beta Kappa" of Business.

She is also on the Dean's List.

Houston Firm Wins Milam Co. Road Job

A contract for 6.438 miles of construction on F.M. Roads 437 and 2268 in Milam County has been awarded to a Houston firm, it was announced in Austin this week by the State Highway Commission.

Gaylord Construction Company submitted the low bid of $38,335.02 on the project. Recondition base and resurface is expected to take 60 working days, according to C. B. Thames District Highway Engineer at Bryan.

Carol D. Zeigler, Resident Engineer at Hearne will be in active charge of the project while it is under construction.

California Services For Glaser Infant

Funeral services were held for Mikel Paul Glaser, infant son of Mr. and Mrs. Leo Glaser Jr., Montebello, California March 30.

He is survived by his parents and grandparents, Mr. and Mrs. Henry Michalka of Monterrey, California and Mr. and Mrs. Leo Glaser of Cameron.

COMMUNITY IMPROVEMENT

Reagan Brown, Extension socollogist at Texas A&M University, reports the search is underway to find the state's most progressive community. He says 283 communities, involving approximately 50,000 families, are enrolled in the Texas Community Improvement Program, a new record high. Judging first on the county basis, then district and finally on state basis will end the search, Brown said. The state winner will be known in late May.

April 15 Deadline To File Tax Return

Friday, April 15, is fast approaching for those taxpayers in the Austin Internal Revenue Service District who have yet to file their Federal Income Tax Returns for 1965.

R. L. Phinney, District Director of Internal Revenue in Austin urges taxpayers to avoid the last minute rush - to make every effort to prepare and file their own returns now. "Many tax questions may be answered by telephone Internal Revenue, but a qualified tax specialist is a sound investment for highly complex tax problems," Phinney said.

Taxpayers residing in the Austin District should mail their returns to the District Director of Internal Revenue, 300 East 8th Street, Austin. The Austin District comprises the area south of and including the counties of El Paso, Hudspeth, Culberson, Reeves, Pecos, Terrell, Val Verde, Edwards, Kimble, Mason, McCullough, San Saba, Lampasas, Hamilton, Bosque Somervell, Hill, Limestone, Freestone, Leon, Madison, Walker, Trinity, Polk, Tyler, Jasper, and Newton.

Clara Barton, founder of the American Red Cross, once was a clerk in the Patent Office.

SAN ANTONIO

Sergeant Lambert Brzycki, whose wife, Lola, is the daughter of Mr. and Mrs. Henry Woods of Rt. 1, Milano, has been awarded the U. S. Air Force Commendation Medal at Lackland AFB, Texas.

Sgt. Brzycki received the medal for meritorious service as chief of administration, Officer Training School selection division at Lackland.

He is a member of the Air Training Command which conducts the educational programs necessary to provide skilled fliers and technicians for the aerospace force.

USS NORTHAMPTON

Seaman C. F. Morgan, USN, son of Mr. and Mrs. Charles R. Morgan of Route 1, Milano, spent five days in South Florida while serving aboard the USS Northampton, the United States' first command ship, which operates out of Norfolk, Va., with the Atlantic Fleet.

Northampton made the recreational visit to Port Everglades, just south of Fort Laudrdale, at the height of vacation season in Florida.

Temperature rather than light influences many physiological processes in plants. For instance, corn will grow at night if the weather is warm enough to enlarge and elongate cells.

IRS Answers Tax Questions

This column of questions and answers on federal tax matters is provided by the U. S. Internal Revenue Service and is published as a public service to taxpayers. The column answers questions most frequently asked by taxpayers.

Q - How do I report the gain from the sale of my home?

A - This should be done on Schedule D. If you do not have a copy, contact your local IRS office. Instructions are on the form.

Q - I made over $10,000 last year for the first time. Does that mean I have to wile an estimated return this year?

A - Yes, if the total estimated tax exceeds your withholding by $40 or more. The requirements for filing estimated returns, Form 1040ES, are given on the form and it would be wise for you to check them.

Declarations of estimated tax should be filed if your expected tax liability exceeds withholding by $40 or more and either (1) your income exceeds $5,000 for an individual or $10,000 for married couples filing jointly, heads of households and certain widows and widowers; or (2) more than $200 of income is from sources not subject to withholding (dividends, business profits, etc.).

Q - I've heard that your agents are paid based on the amount they get when they audit returns. Is that right?

A - No it is not. There is no commission system, percentage deal or quota for our audit personnel or any other IRS employee. All employees up to the Commissioner are Civil Service employees who are rated on a merit system.

Q - Is a statement from a doctor sufficient to establish a medical deduction?

A - Such a statement may be used to establish the fact that you had a deductible expense, but you will also need records to show that the expense was paid during the tax year. A statement from your doctor which included this information usually would be acceptable to support a medical deduction.

Q - What can I deduct for sales tax this year?

A - The 1040 instruction booklet has tables that you may use as a guide.

Q - When is the sale of a home by someone 65 not taxed?

A - If you are 65 or older and sell your home, you may exclude the entire gain from the sale if the adjusted sale price is $20,000 or less and if you owned and used the home as your principal residence for a total of at least 5 years within 8 years from the date of sale. If the adjusted sale price is over $20,000, you may exclude part of the gain.

Note that this provision applies only to those 65 years of age and over, and that is available only once in a lifetime. Other taxpayers who sell their homes should be sure to check the 1040 instructions and Schedule D.

Q - I just got my refund Can I throw last year's tax records away?

A - No. Records should be kept as long as needed for tax purposes. This means a minimum of three years from the time the return was due. Some, like records on the purchase of a home, should be kept much longer. They would be needed to establish your cost basis.

Q - I heard that IRS has booklets for keeping track of tips. How can I, as an employer, get enough copies for my employees?

A - Call your local IRS office and ask for Document 5635, a pocketsized booklet which has been prepared to help keep a daily record of tips. It is free and contains forms used to report tips to employers as well as a brief explanation of the law.

Q - We lost several trees to an ice storm. Is that a deductible item?

A - If the trees were on land held for your personal use, it is provided you can show that the loss resulted in a decrease in the value of your real estate as a whole and it was not covered by insurance. Photos before and after the storm may be helpful in establishing the extent of damage. Note that if you do have a casualty loss on property held for personal use, the first $100 of the loss is not deductible.

Q - May I deduct interest on a life insurance policy loan which I took out last year to make home repairs?

A - You may deduct it if you are on a cash basis and actually paid the interest during the tax year. If, on the other hand, the interest is added to the total amount of the loan, a person on a cash basis may deduct the interest only when the loan is finally paid off.

Q - Under what conditions can educational expenses be deducted? I'm a teacher and take courses from time to time.

A - Ordinary and necessary educational expenses are deductible if they are incurred primarily for the purpose of (1) meeting the express requirements of your employer or the requirements of the law or regulations; (2) maintaining or improving the skills required in performing the duties of your present employment. These expenses are not deductible if the primary purpose for thich they are incurred is to obtain a substantial advancement in your present position, a new position, or to fulfill your general educational aspirations or for other personal purposes.

Q - What do you have to do to qualify for the retirement income credit?

A - You must have earned more than $600 from wages, salaries, or other compensation for personal services for each of any ten prior calendar years before the current year. You also must have retirement income in the year the credit is claimed. If you are under 72, sufficient earned income might eliminate what could otherwise be considered as retirement income.

Q - Is the money I received from my credit union account considered interest or dividends?

A - It is considered interest and is fully taxable.

Why is the government so strict? That question was raised by a man who blamed his tardiness on the fact that other expenses had left him short of money. The court gave him this reply:

"True, such situations may require sacrifice, but the government exercises only by the sacrifice of its citizens. Texas may seem oppressive, but taxes must be paid if governments are to endure."

A public service feature of the American Bar Association and the State Bar of Texas. Written by Will Bernard.

Tardy Tax Returns

Early one April, leaving home on an extended business trip, a man handed his wife their income tax returns.

"Remember to mail these before the 15th," he said.

She did remember--two months later. When the government added a penalty for tardiness, the man protested that it had been "just an innocent mistake." But in a court test, the penalty was up held. The court said tax returns are too important a duty to be so lightly overlooked.

There is good reason for the annual scramble by taxpayers to get their returns in before the deadline. The penalty can be stiff --5 percent per month, up to 25 percent of the total tax.

To be sure, some excuses are good enough to ward off a penalty. You will be forgiven if your tardiness was due to what the law calls "reasonable cause."

In one case, the tax collector had no record of having received a man's return at all. Yet, evidence proved that it had been deposited in the post office on time, in a properly stamped, properly addressed envelope. A court held that no penalty for tardiness could be imposed.

"This would not be the first time," observed the judge, "that a colector had lost a return."

In another case, both the taxpayer and his attorney--the only other party familiar with the situation--were totally incapacitated by illness at tax time. Again: no penalty.

But lesser excuses won't do. For example, prior illness, not incapacitating as of tax time, does not justify a late return.

Nor does the mere fact that you don't happen to like the way the government is spending your money? Thus, penalties for tardiness were imposed on a businessman who resented Uncle Sam's "wasteful" habits, and on a minister who didn't want his money spent for war.

SELF ANALYSIS QUIZ

What Your Grip On A Steering Wheel Tells About You

By Jane Sherrod Singer

A recently conducted study photographed people behind the wheel of their automobiles and compared them with a personality inventory test which was weighted heavily with questions dealing with their attitudes toward driving and relationships with people. See if you can match the driving posture with the personality. Then perhaps you will discover something about yourself when driving a car.

DRIVING POSTURES.

1. This person squeezes himself at an angle between the door and the seat. One arm either hangs out the car or lies on the top of the seat. He or she steers the car with one hand, usually at 12 o'clock on the wheel.
2. This driver sits well back in the seat and leans over so that both elbows are akimbo and hangs onto the wheel with a sturdy grip at 3 o'clock and 9 o'clock.
3. This type of personality sits straight and well back in his seat. Both arms are straight, hands at 3 o'clock and 9 o'clock. Turns are made by passing the wheel from one hand to the other.
4. This person sits like limp spaghetti in his seat, steering the car with two fingers of both hands that lie in his lap.
5. This driver sits well back in a relaxed but upright position. His hands are at 20 minutes to 4 or 10 minutes to 2 o'clock. He seldom passes the rim of the steering wheel from one hand to another.

PERSONALITIES

a. The show-off devil-may-care hot-shot.
b. The angry, terse, hurried type.
c. The authoritarian, get-out-of-my-way driver. (Possibly an older person.)
d. The falsely casual or pseudo-sophisticated driver.
e. A driver who knows the safest way to hold the wheel of a car.

ANSWERS:

If you have paired the postures and the personalities as 1-a, 2-b, 3-c, etc. down the line, you are correct. Any driver, with the exception of Number Five, is in for trouble if he meets an emergency requiring drastic steering action.

Impala Sport Sedan. Eight standard safety features, including front and rear seat belts.

Notice

NOTICE OF BOND ELECTION
THE STATE OF TEXAS
Counties of Milam and Falls

TO: The resident qualified voters of Pond Creek Watershed Authority.

NOTICE IS HEREBY GIVEN that an election will be held on the 16 day of April, 1966, in said Authority, in accordance with and upon the proposition contained in the RESOLUTION AND ORDER calling the election passed and adopted by the Board of Directors on the 12 day of March, 1966, and which Resolution and Order is made a part of this Notice and is in words and figures as follows, to-wit:

RESOLUTION AND ORDER

By the Board of Directors calling a Bond Election in Pond Creek Watershed Authority.

WHEREAS, Pond Creek Watershed Authority has been heretofore legally created and established by Acts of 1957, 55th Legislature, Regular Session, as amended by Acts of 1965, 59th Legislature, Regular Session; and

WHEREAS, the Board of Directors has adopted a plan for improvements to carry out the purposes for which the Authority was created; and

WHEREAS, the summary of the estimate of the cost of the proposed projects is calculated to be $200,000.00; and

WHEREAS, the Board of Directors now deems it advisable and to the best interest of said Authority to call an election in said Authority for the purpose of submitting to the resident qualified voters of said Authority the question of the issuance of bonds of said Authority;

THEREFORE, be it resolved and ordered by the Board of Directors of Pond Creek Watershed Authority:

That an election be held within and for Pond Creek Watershed Authority on the 16 day of April, 1966, for the purpose of submitting to the qualified electors of said Authority who own taxable property therein and have duly rendered the same for taxation, the following proposition:

PROPOSITION

Shall the Board of Directors of Pond Creek Watershed Authority be authorized to issue bonds of said Authority in the maximum amount of $200,000.00, to mature serially or otherwise over a period of not more than forty (40) years from their date, and to bear interest at a rate not to exceed six (6%) per cent per annum and shall there be annually levied and collected on all the taxable property in said District for the current year and annually thereafter while said bonds, or any of them, are outstanding and unpaid, a tax sufficient to pay the current interest on said bonds and to pay the principal as the same becomes due; such bonds to be issued for the purpose of acquiring funds necessary to purchase or acquire land, easements, properties and equipment for dams, structures, and facilities needed to utilize, control and distribute any waters that may be impounded, diverted or controlled by the Authority and for incidental expenses connected therewith, and for purposes authorized by the laws of the State of Texas applicable to Pond Creek Watershed Authority, particularly Acts of 1957, 55th Legislature, Regular Session, Chapter 279, as amended by Acts of 1965, 59th Legislature, Regular Session, Chapter 530.

That the ballots for said election shall have written or printed thereon the following:

OFFICIAL BALLOT

FOR the issue of bonds and levy of taxes in payment therefor.
AGAINST the issue of bonds and levy of taxes in payment therefor.

Each voter shall vote on the proposition hereby submitted by scratching or marking out one of the above expressions, thus leaving the other as indicating his vote.

That for the purpose of this election, the entire Pond Creek Watershed Authority is hereby constituted one voting precinct. The polling place for said election shall be the Peter A. Fisher Residence on North side of City Lake, in said Authority, and the following named persons are hereby appointed to act as election officers:

DOWELL HAILEY, Presiding Judge
TED FORD, Assistant Judge
PETER A. FISHER, Clerk
MRS. PETER A. FISHER, Clerk.

Absentee voting shall be conducted at the Peter A. Fisher Residence on North side of City Lake, in said Authority, beginning March 28, 1966, and extending through April 12, 1966, between the hours of 8:00 o'clock, a.m., and 5:00 o'clock, p.m., which is at least eight hours, every day during said period except Saturdays, Sundays and official state holidays, and notice thereof shall be posted at said place designated for absentee voting at least twenty (20) days prior to the date fixed for said election. Mrs. Peter A. Fisher, who is a qualified voter in said Authority, is hereby appointed as Clerk to conduct such absentee voting.

The Secretary of the Board of Directors is hereby directed to publish a substantial copy of this resolution and order, or notice containing the same, signed by the President and Secretary of the Board, once a week for four consecutive weeks, in some newspaper having a general circulation in Milam County, and in a newspaper having a general circulation in Falls County, the first of such publications to be at least twenty-eight (28) full days prior to the date fixed for said election.

The said election shall be held and conducted in accordance with the laws of the State for holding general elections, except as otherwise provided by Chapter 3A, Title 128, of the Revised Civil Statutes of Texas, as amended.

All persons who are resident qualified property taxpaying voters, who own taxable property in said District and who have duly rendered the same for taxation, shall be entitled to vote at said election.

PASSED AND APPROVED, this the 12 day of March, 1966.

A. T. Garrett
President, Board of Directors

ATTEST:
Thomas Hickman
Secretary

LEGAL NOTICE

CITATION BY PUBLICATION
THE STATE OF TEXAS

TO: Sidney E. Collins, if living, whose place of residence is unknown to Plaintiffs, and if dead, the legal representatives of said Defendant, and the unknown heirs of the said named Defendant; the legal representatives of the unknown heirs of said named Defendant, if the unknown heirs of said named Defendant are dead; the unknown heirs of the unknown heirs of said named Defendant, if the unknown heirs of the unknown heirs of said named Defendant are dead, Defendant, Greeting:

YOU ARE HEREBY COMMANDED to appear before the Honorable District Court, 20th Judicial District of Milam County at the Courthouse thereof in Cameron, Milam County, Texas, by filing a written answer at or before 10:00 o'clock a.m. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, the same being the 25th day of April, 1966, to Plaintiffs' petition filed in said court on the 12, day of March, 1966, in this cause numbered 15,617 on the docket of said court and styled Willamai Ledbetter David et al, Plaintiffs, vs. Sidney E. Collins, et al, Defendants.

A brief statement of the nature of this suit is as follows; a trespass to try title suit in which Plaintiffs for cause of action would respectfully show the court the following, to-wit: that on or about the first day of January, 1940, they were lawfully seized and possessed of the following described land and premises situated in the Milam County, Texas, holding and claiming the same in fee title, to-wit:

All that certain tract or parcel of land, being one hundred (100) acres out of the P.J. Mahan Survey (1-3 league) in Milam County, Texas, and described by metes and bounds as follows: A part of the 338 acre tract conveyed to H. L. Lawhon by M. M. Bounds, and beginning at the N.E. corner of said 338 acre tract for the N.E. corner of this;

Thence N. 71 W. 790 vrs. to N.W. corner of this survey in north boundary line of said 338 acre tract;

Thence S. 19 W. 722 vrs. to S.W. corner of this survey;

Thence S. 71 E., passing Kildrops N.W. corner, 790 vrs. to the S.E. corner of this survey;

Thence N. 19 E. 722 vrs. to the place of beginning.

Said property containing one hundred (100) acres and being in the P. J. Mahan Survey.

That Defendants unlawfully entered upon said premises and ejected Plaintiffs therefrom and unlawfully withhold from them the possession thereof. Plaintiffs pray for judgment for title and possession of said lands and other and further relief to which they are entitled as is more fully shown by Plaintiff's petition on file in this suit.

If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved.

The officer executing this writ shall promptly serve the same according to the requirements of law and the mandates thereof and make due return as the law directs.

Issued and given under my hand and seal of office at Cameron, Milam County, Texas, this the 12 day of March, 1966.

Grady Allen
Clerk of the District Court, 20th Judicial
District of Milam County, Texas
